*Celebrating 52 Years of Camp and...*

## 25 Summers with the TRUFANTS!

Back in 1988, just over a quarter of century ago, David & Anne Trufant visited a friend at Camp Chosatonga. His name was Bill Bailey and he was the boys' camp director at the time. We had a nice visit. We toured, did the slide and had a great time. It was so nice to see Bill in his element. Oddly enough, for me, it had also been a dream of ours to own a camp and to challenge both counselors and campers in a fun and adventuresome atmosphere. So it was especially nice to see Bill doing this. He told us that Camp Kahdalea for Girls was available for purchase, but we knew it was far beyond our reach. Nevertheless we dropped into Kahdalea for a brief visit.

Anne & I were in our mid-thirties and we both had great summer-time experiences at different camps. After a decade in our respective vocations, Anne was in social work where she had been inspired to open a home for unwed mothers and I was in commercial photography. I was also teaching photojournalism at LSU and running adult wilderness trips to the Blue Ridge Mountains and the Canadian Rockies on the side. We knew that our camp experiences had been an amazing advantage in our lives, and an inspiration to keep challenging ourselves with big dreams. It was only natural that directing a camp would be one of our dreams... but alas there was little

doubt in our hearts that this opportunity would probably never be a reality.

Nearly a year later, in April 1989, I answered the phone to hear Bill Bailey's voice on the other end. He said "They're getting some activity on the camp and you and Anne should come up to the mountains to visit Kahdalea and meet Monty and Julie Oates, the owners." For some reason... go figure... (I should have known that God had his fingerprints all over this,) I thought we should plan a visit. When I suggested it to Anne, she said, "No way!" By then she was not interested. She had so many good friends and was loving life in Baton Rouge. I said, "Oh c'mon. It's not like we are going to buy the camps! But it's always been a dream of ours, and one day, if we ever have the opportunity to buy a camp, we'll know more about it..."

Through some amazing miracles... (AMAZING!!) we closed on the purchase of both Kahdalea and Chosatonga in April 1990 and 25 years later we are still here with a lot more stories and even more incredible miracles that we are so grateful for. But most of all... it's been *you*, our

camp friends and believers in the dream. You who have been believers in the mission, and believers in what camp can and has done in your lives. AMAZING. Anne & I stand together and thank God and you for being in our lives.

*On a ROLL!*

### WELCOME BACK PRO-GRAM DIRECTORS!

Sara Bergeron and Adam Trufant are returning to head our summer management team for another season!

What can we say? These two did a terrific job last year, they work together well and they know the camp family. Sara's been a camper, counselor, tribal leader, APD and a fantastic program director and here for 16 years. She is a professional social worker in Tennessee, but camp keeps calling her. Adam's been at camp for a very long time... say over 25 years. He's a graduate of Belmont Abbey College and National Outdoor Leadership School. He's hiked, biked, climbed, and paddled in places like China, Thailand, Nepal and New Zealand. He's a trip leader, worship leader, and a singer/songwriter. We are *thrilled* and *DELIGHTED* to have these two great leaders! (STAFF - You know it!) Another inspiring summer, no doubt.

## Kids Today NEED Hope as They Grow Up

I know a bit about the pressures that kids have nowadays but it is hard for us adults from a previous generation to have real insight into today's challenges facing our precious young ones. They not only live with radically different social pressures than those their parents had to deal with, but they have the added stress and unknown pressures from the "virtual," on-line and "plugged-in" lifestyle. The pressures from the ubiquitous media are driving them away from life in general. They (and perhaps, we) have become withdrawn because of the constant presence and bombardment of information. Massive amounts of emails, texts, links, screen advertisements have driven us all to want to escape. That affects our children's desire to participate and it has the added effect of potentially reducing the amount of time that we parents have to spend in close and constructive time with our children who need a lifeline to a wholesome community.

Some time around high school, our kids face so many destructive messages coming at them that many of them look up and say something like "Wow, what's going on here. Am I the only one not doing all of these things? I've been left behind." And I ask "What *are* those 'things'?" They are some very destructive things.

What is missing? **HOPE.** The hope that comes from seeing so many young people making good decisions in this world and making it work. The hope that helps our campers to "know better." The hope that helps to provide with the strength to say "I don't have to give into 'that' behavior because I have seen better options in action!"

That is one thing we are blessed with at camp. We have the "unusual" culture here. We are blessed to attract staff who show us and our young people *the way*. These committed counselors are an antidote. They help make this community a place where our youth can learn to live it out a better way. Here, we spend significant time in real life with real challenges and real connections that give real meaning and hope. Thank God.

## LOTS GOING ON! New Bikes, Boats, Trailers, Adirondack Chairs, Shower House & MORE...

Oh my goodness!! We have been very busy. You should have The 2013 Video Scrapbook if you joined us last year. Jen Pommerenke and Kelly Briggs did a great job and Jennie Burkett helped, too. We got eighteen more of those nice Adirondack chairs in and have been painting them! Some are rocking chairs. These will be great for camp and sooo

very nice for the **25<sup>th</sup> Celebration Party!** We also have about a dozen new **BIKES** to go with the two new and awesome bike trailers from last year. These trailers are a new design that makes moving bikes very easy. No wheels to remove or tiedowns!

We have some new kayaks, and a new shower house at Chosatonga. We have been preparing the flower beds, trimming trees and much more. We have some awesome new staff, too. Don't worry, we have lots of old-timers joining us again. **REMEMBER,** it's still not too late to bring a friend to camp. We can't wait to see you!

# SCHOOL GROUP!

Join us! **Sign up** now for LAKE HIGHLAND PREP, MAY 18-20. LHP is a group of high school seniors and their goal is to have some fun and good times with their fellow classmates before they venture off into their separate ways. We take them pretty much wherever they want to go. We hike in the North Fork Gorge, We rock climb, paddle on Wolf Creek Lake, go to Turtleback, Dupont, the high ridges of Tennent and Black Balsam and we paddle the Nantahala. Get out into the early spring high mountains. Call or click the office and let us know you are in. Later on, after camp, we have Family Camp and Envoy in August. Please keep spreading the word.

## Staff Notes

Our staff is terrific! That is what sets us apart. We are extra excited because Kahdalea has less than a third of first timers on staff and at this time, Chosatonga has only three who have never been at Chosatonga before! We are simply thrilled by the high levels of experienced counselors returning. It appears an unusually outstanding summer lies ahead.

So many are returning! Buck Beatrous, MC Robichaux and Susannah Robichaux, Josh Ault, Anja Roy, Joe Howe, Chris Colclough, Mike Crosby, Kelly Briggs, the Pergolas, Colin Clark, Anna Holleman, Blake Spruill, Raul Doria, Maggie, Francis and Bit Thompson, Marybelle Bates, Len Holland, Michelle Dalton, Sam Chasuk, Austin Ashcraft, Robert Fleichel, Christie Peaslee, Ben Longenecker and so many more will be

back, as well as Jeff & Adam Trufant... We are so excited for our staff!

You should be able to see the entire staff on the staff forms page of the website. AND Be sure to book your "Pre-Pre-Camp Clinics." Don't hesitate to call if you have a question! We are at your service.

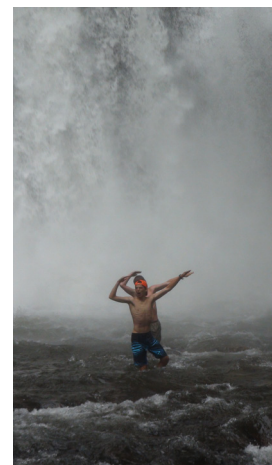

## The Motor Coach to Camp is Ready!

It is so nice to make the trip to camp such an easy thing! We have again arranged for transportation still at 2010 prices from L A MS & AL. The bus gets rave reviews from campers! Less expensive than driving, it's another great value from camp. **Sign up** by going to TwoFunCamps.com. And, don't forget to tell your friends! Thanks!

## Brush up or get ahead on Wilderness Shelter Building!

Take a few minutes to get a jump on the game. When campers and staff go into the woods, it may be that things are great... until there is a storm in the middle of the night and they are not prepared. A good rule of thumb is to ALWAYS (in the east) set up a shelter, then go out and sleep where it is the most comfortable and enjoy the gentle breezes and the STARS! If it begins to rain, move to your shelter. We have put a video on YouTube that shows a class from a school group. "Wilderness Tarp Shelter Building" is at this address. <https://www.youtube.com/watch?v=GQYSabwcgac> ENJOY!

# McCall's Magazine & Camp Friendships!

A past May issue of McCall's - page 59 says, "Session length: A four week session is the minimum for a complete camp experience, **with time to adjust, and to develop friendships.**" Ah Yes!... "Develop friendships"... a parent who used to work at a summer camp with one and 2 week sessions said "It was like a revolving door, all of the faces were a blur."

Although one week camps play a good role and help develop independence, campers mostly make "acquaintances" and not deep and lasting friendships. Camp friendships are such a gift when you have time to make them. At Kahdalea and Chosatonga, we don't want to be a short, structured, "high entertainment" camp. We want to be a place where campers feel "safe" being themselves and have time to watch the stars, play in the streams and **to make deep lifelong friendships.**

The real impact of camp is realized when a camper is immersed in a quality setting for long enough to not just see the benefits, but to receive and accept them.

**We, at Kahdalea and Chosatonga, believe in being a good Value. McCall's Magazine says, "...note any extra charges."** Additional fees may be charged for horseback riding, special trips, and insurance. Consider how much the "extra activities" add to the overall program, and whether you or your child considers them essential to the camp experience."

We include a full camp program for the tuition. I'm aware of another camps that charge \$40 to \$150 for trips out of camp. For trips like whitewater on the Nantahala, which we do often during the summer, these other campers must call home and ask for another \$60 in order to be allowed to go! We're proud of our policy.

Don't forget to ask about diet and snacks. Some camps sell what we would normally call junk food in the camp store to a more than willing audience. Are there limits on the amount of snacks sold? When is the store open? Do they open the store (and sell snacks) just before lunch? At Kahdalea and Chosatonga we keep a bowl of fruit out for snacks all of the time and we don't want to take advantage of our young campers and sell any food in our camp store.

## Xtra Day Trips

|   |                                |
|---|--------------------------------|
| <b>GOLF TRIP</b><br>\$300/SESSION<br>Minimum Age 13                       | Session (circle one) 2 3 4 5   |
| <b>CARWINDS TRIP</b><br>\$100/SESSION<br>(includes \$9 spending money)    | Session (circle one) 2 3 4 5   |
| <b>RIVER KAYAKING</b><br>\$75/SESSION<br>Minimum Age 11                   | Session (circle one) 2 3 4 5   |
| <b>WHITE-WATER RAFTING TRIP</b><br>\$110/SESSION<br>Minimum Age 12        | Session (circle one) 2 3 4 5   |
| <b>ROCKCLIMBING TRIP</b><br>\$70/SESSION<br>Minimum Age 11                | Session (circle one) 2 3 4 5   |
| <b>HORSEBACK RIDING</b><br>\$60/SESSIONS 1, 6<br>\$10/SESSIONS 2, 3, 4, 5 | Session (circle one) 1 2 3 4 5 |

This is an actual portion of an application from a nearby camp with tuition similar to Kahdalea and Chosatonga (actually a bit higher). Remember that Kahdalea and Chosatonga don't charge extra for trips and we do dozens of trips per week. Note "The" (must just do one) rock climbing trip and even basic riding instruction!

## Remember Saying This?

Our Prayer

GIVE me clean hands, clean words, and clean thoughts;  
 HELP me to stand for the hard right against the easy wrong;  
 SAVE me from the habits that harm;  
 TEACH me to work as hard and play as fair in Thy sight alone as  
 if all the world saw;  
 FORGIVE me, when I am unkind, and help me to forgive those  
 who are unkind to me;  
 KEEP me ready to help others at some cost to myself;  
 SEND me chances to do a little good every day, and so grow more  
 like Christ.
